Maxim Gorky's "The Lower Depths" is a literary masterpiece that transports readers into a realm of despair and humanity. This classical Russian play, first performed in 1902, remains as resonant and thought-provoking today as when it was first written.

The play is set in a gloomy cellar, a microcosm of society's outcasts. Here, we encounter a group of characters living on the fringes of existence, each burdened by their own past and present struggles.

Characters: Outcasts United by Despair

From the cunning thief Vaska Pepel to the bedridden invalid Anna, each character in "The Lower Depths" is a complex and multifaceted individual. Through their interactions and monologues, we witness the spectrum of human emotions, from despair and resignation to hope and resilience.
